

# Additional Benefits & Advantages

- Government agencies may extend exemptions to RWC Members — and you may qualify for special financing on your home.
- Increase your home's value — the warranty transfers to subsequent buyers.
- Prevent unnecessary litigation — RWC's warranty includes a proven process for successful settlement of disputes.

Ask your Manufacturer for more details about the RWC Warranty on your new home.

# Exclusive Coverage For Consumers of Systems-Built Housing

## MODULAR, PANELIZED, LOG & DOME HOMES

## 10 YEAR WARRANTY

## The American Dream

Factory Built housing makes the great American Dream possible for a large segment of new home buyers.

Advances in technology and superior construction quality make Building Systems housing one of the fastest growing segments in the industry and one of the best values for consumers. Improvements in design and aesthetics provide quality living and affordability.

Manufacturers of modular, panelized, log, dome and similar types of homes must maintain high standards and meet stringent criteria for financial stability and quality construction to be approved for membership in the Residential Warranty Company, LLC (RWC) Program. RWC Members offer ten-year written warranty protection as an added benefit with their homes.

## Mark of Distinction

A home represents a big investment. Look for the RWC logo and buy with confidence. An RWC warranty is one of the best ways for you to protect your investment.

## Quality Assurance

The RWC Warranty gives you peace of mind that your new home has met high standards. Selecting a manufactured home is easier with RWC. Every manufacturer who offers our warranty program has been screened for technical competence, financial stability and ethical conduct with consumers.

## Warranty Coverage

The RWC Warranty for manufactured building systems provides ten years of major structural defect protection, assurance that any elements that do not meet standards will be corrected. The fully-insured RWC Warranty clearly defines which items are covered and for what period of time.

Additional warranty plans for major systems, materials and workmanship may be provided by the Builder and/or Manufacturer. For details about your coverage, refer to the RWC Limited Warranty Agreement that was provided with your home.
